A Preservation and Conservation Project

- Iniziativa triennale finanziata da IFLA
- Sezione Preservation&conservation è stata coinvolta investita di compito specifico
- L'obiettivo generale è predisporre una mappa mondiale del rischio da disastri e la prevenzione per il Cultural Heritage delle Biblioteche ”.

Il progetto IFLA

- Tentare di trovare uno standard interoperabile con tutti i domini
- Tentare di definire una piattaforma comune per ospitare un dominio trasversale dell'informazione sul patrimonio culturale possibilmente UNESCO
- Utilizzare un questionario per “testare” dei casi

Il progetto IFLA

- Primo passo 2012
- Preparazione questionario (draft version)
- Presentazione all' IFLA WLIC 2012 nel contesto del SC Preservation, nel board e a tecnici
- 2013 : Analisi e confronto dei Registers esistenti di ICOM, ICONOS, UNESCO e altri
- Definizione criteri per la valutazione del rischio dei documenti scritti
- Identificazione come gestire informazioni raccolte da IFLA

Registri internazionali

- <http://www.unesco.org/new/en/communication-and-information/resources/official-documents/meetings-documents/>
- <http://icom.museum/programmes/fighting-illicit-traffic/red-list/>

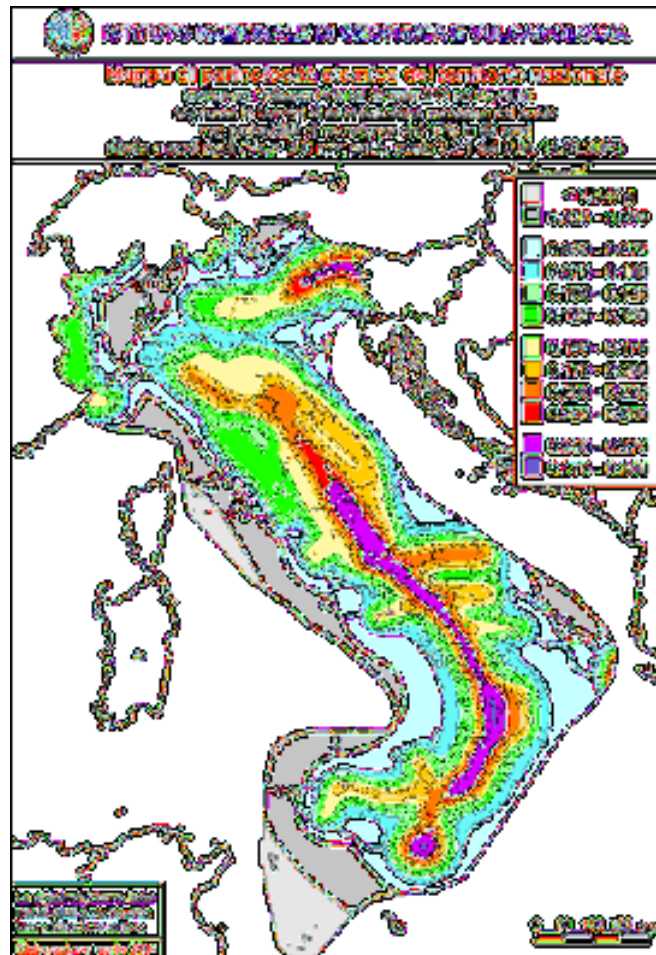

Il questionario 2013 (draft)

- Fine 2013: piattaforma base del risk register del patrimonio culturale documentario
- Distribuzione nuova versione del questionario quale test e raccogliere dati in modo centralizzato e controllato
- Discussione nella Section e in incontri specifici con specialisti IT per arrivare ad avere una versione online del questionario IFLA da attivare dentro la World Map già esistente

Caso Italia: Mappa aree sismiche

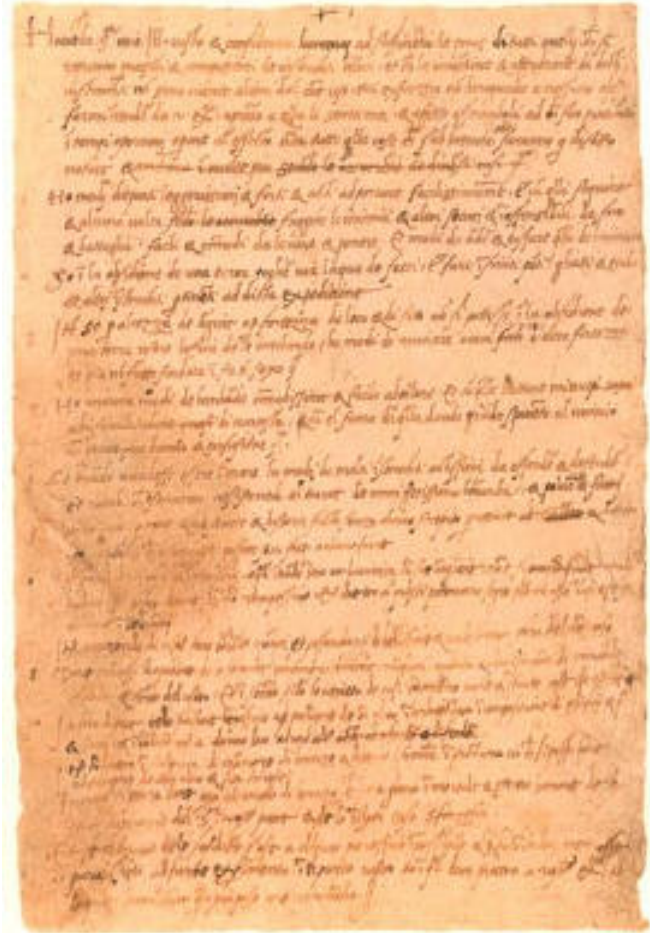

Test zero su Italia (questionario draft 3)

- Molti dubbi sul materiale antico moderno. Multimedia
- Rilievi su alcuni campi del questionario
- chi decide il livello del questionario per l'Italia?
- come descrivere una collezione a rischio ?
- e la riproduzione . E per biblioteche digitali.. ecc quali sono le priorità ? non solo per le collezioni a rischio? !!!
- La mancanza di manutenzione e di prevenzione ...fattori endemici?
- Il terremoto è un rischio permanente: ci sono oltre 15000 biblioteche e gli archivi ? E i musei che conservano collezioni documentarie?
- Ci sono supporti disponibili per le collezioni e personale preparato per far fronte alle emergenze derivanti da accidenti improvvisi di vario genere? alcune domande sono legate a specifiche tipologie di emergenza,...

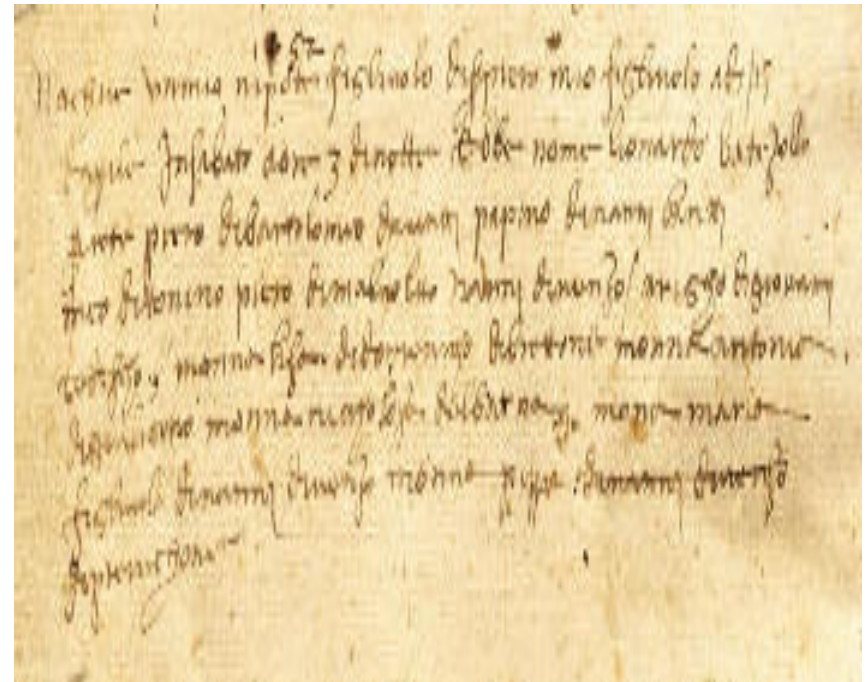

E questi? sono a rischio ?? Milano , lettera di Leonardo a Lodovico il Moro Bergamo, disegno di Isabella d'Este

A titolo di esempio .. sono questi beni a rischio di danno/distruzione/perdita?

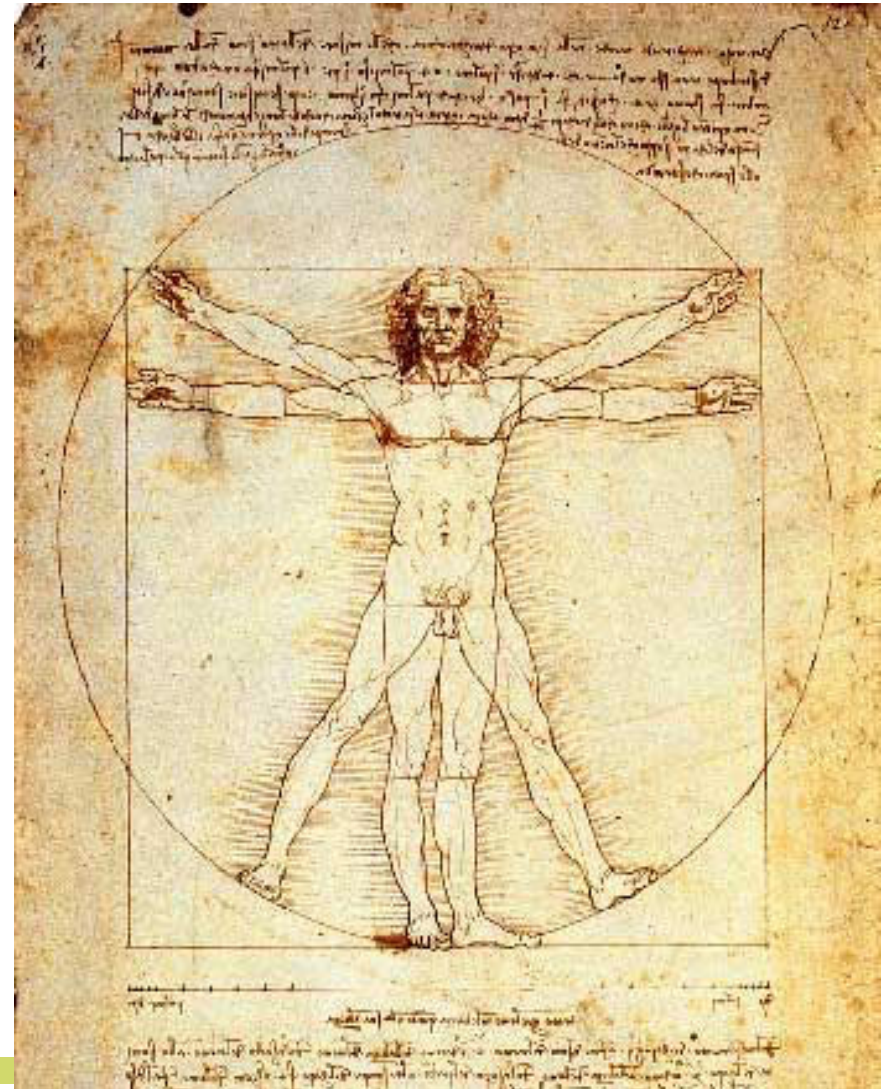

Torino, Leonardo disegno autoritratto
Firenze, Leonardo scrittura notarile

Questi sono a rischio di distruzione?

Leonardo Codice Atlantico

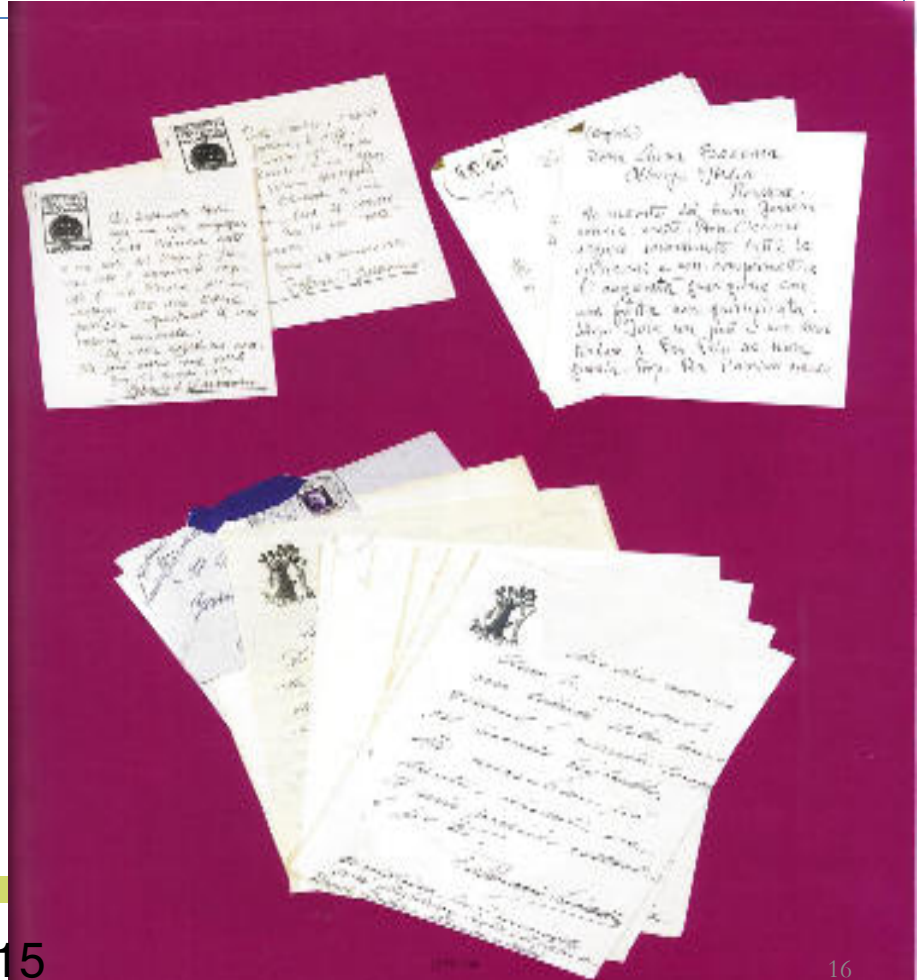

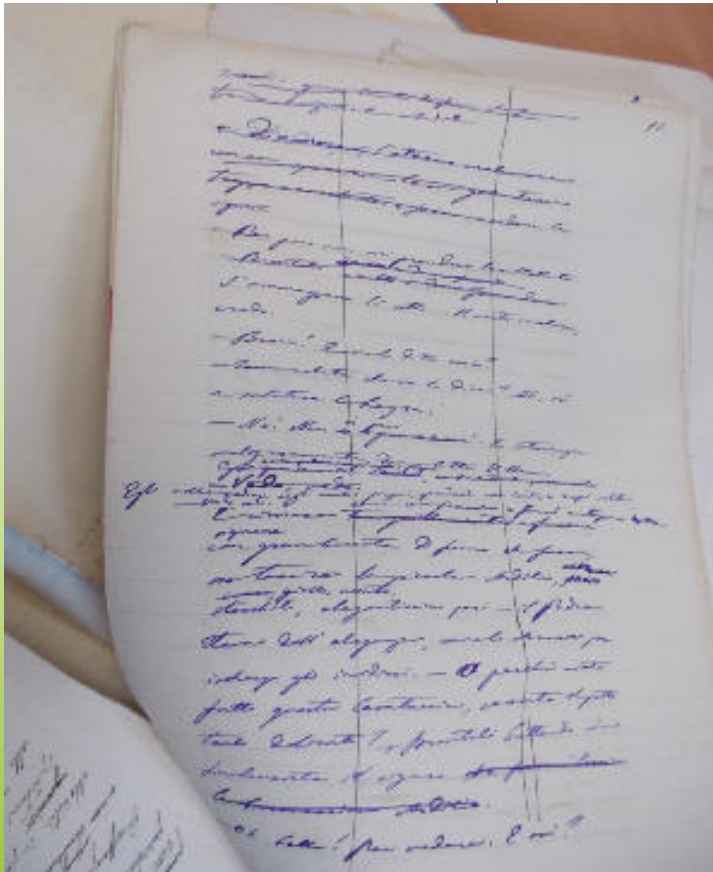

Milano, Biblioteca Ambrosiana

E questi sono a rischio, di distruzione o perdita? Milano, Bibl.Trivulziana , Codice Trivulziano di Leonardo

Questi documenti sono a rischio di perdita o distruzione? Pavia, Centro Manoscritti Fondo Giovanni Verga, Gardone Riviera, Vittoriale: Gabriele D'Annunzio: manoscritti ; Scrittori del XX secolo

Sono a rischio di distruzione , di perdita/danno definitivi ?

- Valore incalcolabile...molto famosi, unici, rari, antichi , storici, fragili...
- tutti digitalizzati....e .riprodotti .studiati....
- Suggerimenti concreti ?
